

2021 ANNUAL REPORT

MIRACLE
TRAVEL WORKS

a year's overview

WHERE WE ARE NOW

Miracle Travel Works and its volunteers work tirelessly to help families. No one associated with the organization receives a salary, so operations are not impacted by a payroll. This allows the maximum amount of donations to be used to help children and their families.

The funds that Miracle Travel Works raises help families manage their children's serious illnesses and injuries, and to eliminate financial stress when it comes to getting the best treatment. Plus, parents need to be able to be with their children during these times, so the financial support helps make that possible.

Thank you for your support making this year a success!

"We are so grateful for Miracle Travel Works and the support they have shown our family. They help us with things like hotel rooms, gas, food, and even a plane ride. These expenses take a huge toll on our family, but it isn't something that can be avoided. I'm not sure that Natalie could have gotten the amazing care that she needed across the country from our home without the support of MTW." -- Jeffs Family

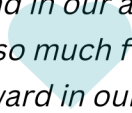

"If it wasn't for the help [Miracle Travel Works] gives we would not have been able to get the answers for my daughter about her having epilepsy. Now she sees an amazing doctor five and a half hours away and is getting the medications she needs to keep her seizures under control. Thank you so much for everything you guys do to help families." -- Krystal Moore

"I am at a loss for words as I try to type a Thank You. Your gift goes way beyond the generous amount of money that you sent us for travel expenses. It's knowing that there are people out there caring for families that are going through major medical journeys with their children (ours being possible cancer again). It's knowing that we don't have to carry the added stress of travel expenses as we drive 6 1/2 hours, one way, to get scans, biopsy's and to see our son's doctors. Thank you for all you do.....it's more than you even realize!" -- Beth, Wade, Jace & Tucker Plessner

"Raising a child with complex medical issues is challenging in a multitude of unique ways. It's difficult not to get overwhelmed by insurance roadblocks, time spent traveling to and at appointments, and the direct emotional and social impacts to Fiona. But Miracle Travel Works was amazing to work with and we are beyond grateful for their gift. The whole process, from application through reimbursement, was very straight forward and easy to navigate. They also took extra time to update us on the status of our application regularly. On the surface, travel reimbursement may seem trivial to some but to us and our family it's so much more than a tangible gift. It means less weight we as parents have to carry. It means access to specialized physicians not found in our area. And ultimately, it boils down a better quality of life for Fiona. Again, thank you so much for your generosity and we look forward to paying the kindness forward in our own way." The Cantrells
