

# 2022 ANNUAL REPORT

MIRACLE  
TRAVEL WORKS

*a year's overview*

# WHERE WE ARE NOW

Miracle Travel Works and its volunteers work tirelessly to help families. No one associated with the organization receives a salary, so operations are not impacted by a payroll. This allows the maximum amount of donations to be used to help children and their families.

The funds that Miracle Travel Works raises help families manage their children's serious illnesses and injuries, and to eliminate financial stress when it comes to getting the best treatment. Plus, parents need to be able to be with their children during these times, so the financial support helps make that possible.

Thank you for your support making this year a success!

Management & General Expenses	<u>\$8,404</u>
Total Expenses	<u>\$322,270</u>
Net Income	<u>\$115,715</u>

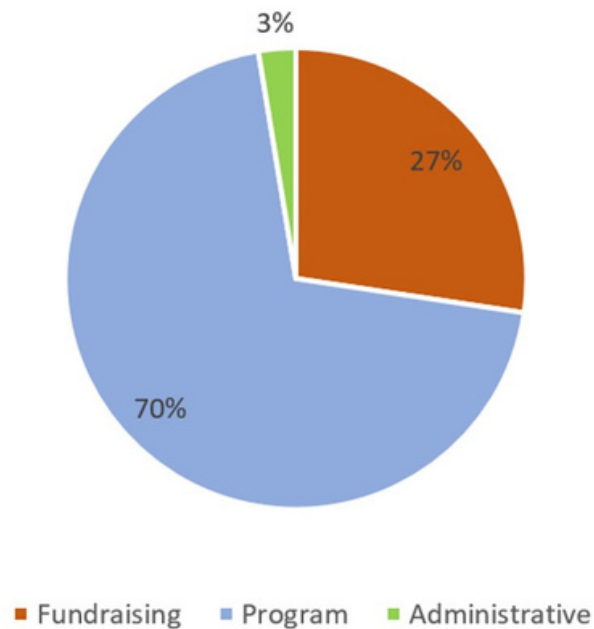

2022's

# FUNCTIONAL EXPENSES

Miracle Travel Works reinvests 70% of income directly to help children and their families, above average for nonprofits.

A very lean, exclusively volunteer based organization helps reduce administrative and fundraising costs.

# THANK YOU TO INDIVIDUAL DONORS

Individual donors have made incredible contributions to Miracle Travel Works. While this list captures the financial contributions of hundreds of donors, it doesn't speak to the time, love and passion that many volunteers offer, an absolutely invaluable gift to our families.

*"Our son, Kyler, is the youngest of our five children. He has a kind heart, often quiet around a group of people but can surprise people with his quick wit and sense of humor. Generally, people would stop to listen when he had something to say.*

*On June 9, 2022, our world as we knew it, changed with a call informing us that Kyler had been involved in a horrible car accident. He had been driving home after working that morning and was involved in a single vehicle accident. His truck had rolled and flipped, resulting in him being ejected from the vehicle. We were blessed that there was a witness who immediately began to pray for Kyler, provided lifesaving intervention and contacted EMS. He was the first, of many, that acted to save our child's life. The ambulance took him to our local hospital in Beloit, KS where he was stabilized enough that he could be flown to St. Francis in Wichita, KS. He was there for 28 days in the trauma/surgical ICU, with multiple surgeries and life-threatening injuries, complicated by a severe traumatic brain injury. By the grace of God, our son continues to be with us today.*

*We were pleased when we were told that he was accepted into Madonna Rehabilitation Hospital in Lincoln, NE to start the rehabilitation process, being admitted to their care on July 7, 2022. Kyler continued to be medically unstable, requiring 5 admits to the hospital since July. He was able to stay at Madonna for a consecutive four months and made great gains during that time. On 1/20/2023, he was readmitted to Children's hospital due to his sodium levels being super elevated. This is a problem we will have to face with Kyler for his life as he lost his pituitary gland as a result of his accident and subsequent brain surgery.*

*We are hopeful Kyler will be able to return to Madonna for further therapies once we are discharged from the hospital and eventually be accepted into their Rehab Day Program. We continue to have a very long road ahead of us but know with God all things are possible. He has been with us the entire time.*

*We certainly weren't prepared for the emotional, physical and financial strain this situation placed on our family. That said, we have also experienced so many blessings. The generosity Kyler has received over the last seven months by family, friends and even complete strangers has been heartwarming and humbling. We are so appreciative for your generous gift. Your kindness provided us financial relief and alleviated some of the stress of a situation that was almost intolerable, for that we are truly grateful. With our faith and the support of so many wonderful people we will endure this tragedy and we believe Kyler will be victoriously restored.*

*God bless. Thanks for being part of Kyler's recovery story!*
